CAREER OBJECTIVES

To secure a position as a full stack junior developer with a dynamic organization where I can apply my technical skills and gain hands-on experience in a collaborative environment. I am excited about opportunities to work on challenging projects that require creative problem-solving and collaboration. I am also interested in learning new technologies and methodologies to stay up-to-date with industry trends.

EDUCATION

Information Technology Institute (ITI)

Ministry of Communication and Information Technology (MCIT)-Intensive Coding Camp- FullStack web development using python

Dec 2022 – Apr 2023

Modern Academy
